

THE GEM FAMILY

.....Let's come closer

KUDDOS TO GEM FAMILY

RADIAL GATE SHOP ASSEMBLY

A successful complete shop assembly and movement test of Radial gate, ready to be installed at right bank flushing tunnel for Testa III, hydro - electric project was carried out at our Karjan unit. It is the biggest Radial Gate ever completely assembled at the shop floor in GMW. This type of testing operation was done probably for the very first time in India

Two Hydraulic cylinders each having capacity of 75 MT were specially designed to check the movement of the Radial Gate up to 2 m height.

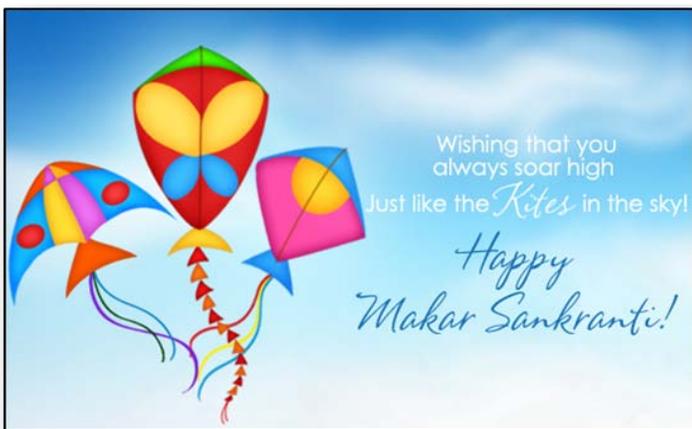

This project was headed by Mr. Onkar Singh along with a dedicated team of Design Engineers – Vatsal Bhatt and Kunal Sevak and Quality Engineer – Vilesh Chaudhari along with the production team of Karjan.

Safety Training at Karjan Unit

Mock Fire Drill at Por Unit

Wishing a joyful January, fabulous February, motivating March, amazing April, marvelous May, jubilant June, jovial July, amusing August, successful September, outstanding October, noble November and delightful December.

God gave us one more year to undo the wrongs of the past, to see the unseen and do the undone. Wishing all a very happy and a successful New Year.

HAPPY 2013

Hello! - From Editor's Desk

Five months ago, the idea of starting this Monthly Newsletter was born when the management of the Company wanted to find a unique way to communicate and connect with the scattered locations. It was also intended to help in image building when posted on the website. The task of conceiving and delivering was assigned to me, and I found this exercise most rewarding when the first edition was published in September 2012.

I am now at the end of my contract with the Company, and the onerous responsibility of continuing this work falls on my colleague Ms. Fora Shrotriya, who in any case has been assisting me all along. So farewell and happy reading to all, Do keep your contributions coming.

MEET OUR FAMILY MEMBER

Any guesses for the performers in the pic above ???

Well, it's none other than our Pravinchandra Shah with his talented wife Manju.

PMS, as he is popularly known, completed his B.E. from L.D. Engineering - one of the most reputed colleges of Gujarat. He is bonded with us since 28 years, and is presently the Associate VP of Thermal projects at Baroda, and says that he has seen the accelerated growth of the company since 1995 and is confident of the trend in years to come. His discipline and punctuality is so reputed that you can almost set your watch when he enters office in the morning.

His busy schedule has however not been an impediment in his pursuit of his favourite hobby - The Drama. He is a playwright, and enjoys an evening performing on stage. Besides Gujarati, Hindi and English, he is quite at home in Marathi too.

Of course he enjoys playing around with his grand daughters Pryanka and Drashti

LAUGH IT OFF!!!

Girl : Which laptop do you have?

Boy: Dell XPS15, i7 processor, 2.2Ghz, LED Display, 4 GB RAM, 1 TB hard disk and 2 GB Nvidia graphi card & which one do you have?

Girl : Pink one.

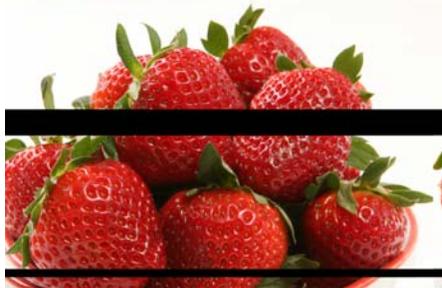

A lady in a curtain shop

Lady : I need pink color curtains for My computer.

Shopkeeper : But computers don't need Curtains!

Lady : Duh, I have windows.

HEALTH IS WEALTH

Come winter, and the mouth watering bright red strawberries adorn the pride of place in the fruit shops.

Not only is this fruit a favourite of our taste buds, but the dietary fiber helps to keep digestion regular, lowers the blood pressure and curbs overeating. The phenols present in strawberries help in fighting inflammatory disorders such as osteoarthritis and asthma without any side effects.

The combination of antioxidant and anti-inflammatory agents found in strawberries are known to fight against the onset of many different forms of cancer. The manganese content is good for bones, and also prevents tooth decay and helps to treat tooth aches.

Eating strawberries can keep our eyes healthy and bright - even better than carrots. For minor burns, placing a piece of cut strawberry on the affected portion helps faster recovery

Incidentally, Strawberry is the only fruit which has its seeds on the outside.

CONGRATULATIONS

Aishwariya, daughter of Ms. Shweta Navde won 2nd prize for the Geeta Shlok Antakshri competition held at Vadodara on 23rd Dec, 2012. She was awarded the prize by Mr. Gajendra Panda - Dean of Sanskrit Vidhyalaya, Ahmedabad, who had been facilitated by Shri. Narsihma Rao for his contribution towards Sanskrit Literature.

The positive thinker
sees the invisible,
feels the intangible and
achieves the impossible.

HAPPY BIRTHDAYS

STORM YOUR BRAIN

There is a casino and it has 4 gates say A, B, C, and D. Every time you come inside the casino, you have to pay Rs. 5 and every time you leave the casino, you again have to pay Rs. 5. Also know that, whatever amount of money you carry with you inside the casino, it doubles. For example if you carry Rs. 5, it will become Rs.10. You have to go inside the casino through gate A, come out of B, again go inside through gate C and finally come out of gate D. Now, how much money should you carry inside the casino so that when you finally come out of the gate D, you should be left with no (zero amount) money?

By Vatsal Bhatt

Send in your answers at newsletter@gmw.in

The answers to previous edition quiz are :

1. Phu Dorji
2. Sarojini Naidu
3. Vishnu Sharma
4. Lisa Gherardini
5. Speed of Wind

The correct answers were given by Mr. E. A. Vargheese and Mr. Subhash Patel
